Local and Personal Items

A meeting of the Ladies Car-
ling Club will be held in the
dining room of the Alberta
Hotel on Thursday at 3.30 p.m.
All ladies interested please
attend.

"Capt." F. M. Holden left this
district for Calgary where he
will spend the winter months.

The Junior U.F.A. is arrang-
ing a grand concert to be follow-
ed by a box social which will be
held in the Opera House on
Nov. 28th. Price of admission
Adults 50c. Children 15c. Ladies
bringing boxes, free.

The Oyen Agricultural Soci-
ety, which has formerly been
held in March, will be held this
year in December. Full particu-
lars later. Farmers get your
seed ready!

Mr. W. V. Miller, who accom-
panied his wife to Calgary last
Saturday, returned this morn-
ing.

and make your purchases early.

The Excel Local of the U. F.
W. A. will meet at the home of
Mrs. H. McDonald on Thursday,
Nov. 29 at 2.30. All members
please attend.

Born—To Mr. and Mrs. Jas.
Dolan of Sounding Creek, on
Wednesday, Nov. 12, a daughter.

Mr. and Mrs. Wm. McAllister
of Excel, left on Monday for
Calgary en route for Vancouver
where they will spend the
winter.

Miss S. E. Connors who has
been on the staff of the Bank
of Toronto here for the past
two years, left this morning for
Knoxville, Ten. where she will
make her home.

The Annual Box Social of the
Golden Valley U.F.A. Local will
be held in Golden Valley Hall
(3-25-5) on Monday evening 8th
of December. Doors open at
7 p.m. Everybody welcome.
Ladies kindly bring boxes.

R. E. Pugh has asked the News
to suggest to the patrons of his
Livery Barn, that whenever
possible they bring in their own
feed for their horses when in
town. Scarcely of hay and the
extremely high price of anne
when it is obtainable makes
feed an expensive item on a
livery bill and for this reason
McPugh would rather have his
patrons save this cost to them-
selves by bringing in their own
feed when ever possible.

The Christmas concert of the
Kirkwall Sunday school will be
held on December 23rd at 7 p.m.
at Kirkwall. A splendid pro-
gramme is in preparation and
an enjoyable time is expected.
A collection will be taken to
help meet expenses. Every-
body welcome.

Mrs. Haase entertained a
number of friends at her home
on Monday evening, when Miss
S. E. Connors was presented
with a handsome jewel box by
the staff of the Bank of Toronto
and friends, previous to her
departure for Knoxville, Ten.

R. M. Icke left today for
Clarkston, Wash. where he
will spend the winter months.

Oyen Agricultural Society Institute Meeting Nov. 27

Hon. Jas. McCaig and J. A. Mc-
Coll, M.L.A. Will Speak

A meeting will be held in Oyen
in Opera House on Thursday
night November 27th, which
will be addressed by Hon. James
McCaig and J. A. McColl M.L.A.
on the subject of sheep raising.
Some portion of the evening
will be given to a discussion on
the practicability of having a
Crematorium at this point. Keep
this date in mind. You are in-
vited to be present.

Word has been received from
J. A. McColl, M. L. A., that ar-
rangements are being made to
have a series of government
moving pictures dealing with
various phases of farming here
on the night of the Oyen Agri-
cultural Society's Institute
meeting, Thursday, Nov. 27th.
Don't miss this opportunity of
seeing them.

Relief Preparations Ars Nearly Completed

Plans for the distribution of
relief to farmers and settlers in
drought affected areas are now
almost complete.

The relief will be given in
coal and flour and will be dis-
tributed by agreement between
the Provincial and Dominion
Governments. In organized
districts it will be handled by
government agents. When the
government inspectors are
appointed, they will investigate
the cases brought to their
notice. Where cases are con-
sidered bona fide an order will
be given for coal and flour and
upon presentation of these orders
to the dealers delivery will be
made.

One hundred pounds of flour
is to be allowed for each adult
in a winter supply. In families
two children will count as one
adult. A maximum of five tons
of coal will be allowed each
family, which is not to exceed
\$60.00.

Adequate securities will be
taken for the relief in form of
promissory notes; chattel mor-
gages or mortgages, on land.
Advances will be considered as
loans only and repayment will
be expected in due course.

Cases of actual distress due will
be dealt with on their merits.

An office for the administra-
tion of relief to settlers and
farmers in unorganized districts
has been opened in Medicine
Hat under the direction of
Donald Gillies and the actual
distribution of supplies has al-
ready begun.

The division between the two
governments is that the federal
authorities will ultimately be
responsible for the unpatented
lands and the provincial authori-
ties for the patented lands.

A Premium For Pure Bred Rams

Any sheep raiser who purchases a pure bred registered ram of any recognized breed recorded in the Canadian National Live Stock Records or eligible for such registration for use in his own flock, and who has not previously used a pure bred registered ram shall be entitled to the annual premium of \$5.00 for two consecutive years provided he will comply with the regulations specified in Pamphlet No. 19, "Information Concerning the Policy Regarding Pure Bred Rams" issued by the Live Stock Branch Ottawa. This pamphlet will be sent free upon application to the Publications Branch, Department of Agriculture, Ottawa. It has been decided that the best way to prove the value of pure bred rams is to help every sheep raiser who has not previously used a pure bred ram, to use his own flock for demonstrating the value of this practice. Therefore the Dominion Department of Agriculture will grant to bona fide applicants who comply with the above mentioned regulations a sum of \$5.00 annually for two years for each pure bred registered ram. No individual sheep raiser shall be permitted to receive premium for more than four rams. Regular forms will be used in making application under this policy are to be found in the Pamphlet No. 19.

People of Alberta Reading More:

That the people of Alberta are reading more books each year is evident from the record of the Travelling Library Division of the Department of Extension of the University of Alberta. During the academic year 1918-19 there was an increase of fifty per cent in the circulation of books in the regular travelling libraries. During the year 149 libraries served 232 communities. The average circulation per library was 80.8, and the highest circulation 210. This last record was achieved by the Rosedale Collieries. Since the inception of the Travelling Library work the men at the various collieries throughout Alberta have been the consistent and extensive users of the service.

Loans to Canadian Soldiers

Government loans to Canadian soldiers who served overseas, and who are taking up farming already amount to \$45,000,000 for the whole of the Dominion. Before he can secure a loan an applicant must prove that he is capable of handling all branches of farm work.

Canada's Business

In proportion to its population, Canada does three times as much business as our neighbors to the south. That is a sweeping statement and yet it is based on reliable figures just published by the United States showing the trade of that country for the year ending August 31. Canada has one-fifteenth the population of the United States. Take exports of the United States for the year ending Aug. 31st totaled \$7,415,000,000; those of Canada \$1,233,000,000, a proportion of one-sixth. Their imports were \$3,233,000,000 our \$870,000,000 a proportion of one-fourth. Their total trade was \$10,648,000,000 Canada's \$2,103,000,000 a proportion of one-fifth.

The new lights on Main St. and Second Ave. erected by the Peterson Motor Co. make a very good showing. Pedestrians going home at night need no longer fear tumbling off the sidewalk into a smoky bank or pool of water, but can get to their destination in comfort and safety. It would be a very good thing if arrangements could be made for the complete lighting of the town.

YOUR WINTER TRIP

To enjoy the maximum of travel comfort, travellers to the Pacific Coast or Eastern Canada, whether on pleasure or business, should see that their tickets read via the Canadian National Railways East and West an excellent service is offered. Trains - up to the minute in every sense of the word - are operated daily from coast to coast.

To the Pacific Coast and California the tourist travelling Canadian National goes through magnificent country, passing Jasper Park within sight of Mount Robson, amidst the grandest scenery in the Rocky Mountains through the Yellowhead Pass and follows the North Thompson and Fraser Rivers to the coast. To those in search of the beautiful and sublime a trip over this railway will reveal glorious far beyond the power of the artist or writer to delineate.

To Eastern Canada, there is a choice of routes - by the way of Port Arthur, via the "Eastern Express" and way of Cochrane via the "National." Fast, substantial and elegant trains leave Winnipeg at 3.30 p.m. daily for the East. Taking the Eastern Express at Winnipeg there are the finest attractions on route from a tourist's point of view. While the landscape is what might be called quiet nature it possesses qualities that make it worth while for the tourist.

The National's trip is a most interesting one through the territory of New Ontario giving travellers an opportunity to inspect the great fertile region, including the famous clay belt where tens of thousands of settlers will make their homes in the future.

The equipment of the Canadian National trains is of the very best and most modern and up-to-date. It includes observation cars, standard sleepers, dining tourist and colonist cars and first-class day coaches. Ask any agent of the Canadian National Railways about this service, fares, reservations, etc.

Glasses on a Boy

Often transform him from a backward into an
eager student. For we are very careful in the
selection of boys' and girls' glasses. We aim to
make their reading and studies easy. No scholar
can study with a headache or burn. If your young-
ster doesn't show the interest he should in his
studies probably he needs glasses. Come and get
them.

In Lighter Vein

Someone facetiously remarked
that Oyen reminded him of
Venice. On account of Main
Street resembling a canal, we
suppose!

One man who believes in
signs says he killed a pig in the
fall of '18. The front end was
OK, but the hind end tough.
This fall he killed another pig,
the front end was extremely
tough and hind end OK and he
says, "That is the kind of winter
we're going to have."

Do you believe in signs?

Now is the time for all good
men to buy their felt boots and
over-shoes. The cub reporter
says, "Yes, by heck! we need

Oyen Curling Club
Organize

A meeting of the Oyen Curlers
was held last night in the
Masonic hall and the enthu-
siasm shown promises well for
the coming season.

E. P. Barbour made an able
chairman and a considerable
amount of business was disposed
of before the meeting adjourned.

Wm. Lannon, stated that it
was impossible for him to say
when the ice would be ready
owing to the change in the
weather, but assured the mem-
bers that everything possible
would be done to get the ice in
shape at the earliest possible
date.

All members must be fully
paid up before they play their
first game.

The request of the ladies that
they might have Tuesday even-
ing and Wednesday and Friday
afternoon's was granted.

As in previous years, skips
were elected by ballot and after
election choose the members of
their rink. Some discus-
sion took place as to whether
this was the most advisable
method of selecting the rinks,
but as no better method was
suggested the old way was used
and the rinks for the coming
season will be as follows:

McClary's Kootenay

TOP, bottom and all four sides
of the Kootenay oven are
evenly heated. That is why it is so
famous as a dependable baker.
There is a thermometer, too, to
tell whether the heat is right or not.

No range is quite so easily managed. Duplex grates
clear the ashes at a single turn. Burnished cooking-
top never needs blackens. Nickel-plated oven walls
are kept clean with a damp cloth. Well-fitted joints
and dampers hold the fire—and the oven heat—for hours.

Let us show you the Kootenay.

Drastic Regulations To Conserve Fuel

Chicago.—New restrictions on the use of soft coal are announced. In some localities there were more drastic than during the war, but the general situation showed little change.

While production in West Virginia and Colorado were reported increased, there was no noticeable change in the ranks of the 425,000 striking miners.

Sixty-six trains were annulled by the Chicago and Northwestern and the Chicago, Milwaukee and St. Paul railroads.

Indiana's public service commission took the most drastic action in the domestic fields. It decreed lightless streets, discontinuance of electric signs, coal gas for heating and other advisable restrictions on service by public utilities, with less than a two weeks' supply of coal.

With calls for assistance from communities suffering from a coal shortage growing more numerous, the railroad administration turned loose every available car to meet the demand made for fuel.

Orders went to regional directors of the nation's railroads from Director-General McAdams, to have service where absolutely necessary in the public interest, but it was officially announced that no general curtailment of service was contemplated.

Russian Government Must Change

Allies Will Continue Economic Pressure Till Democratic Government Is Formed

London.—The present measures of economic pressure in Russia will continue until a democratic government is established in Russia which can be recognized by the allies, according to a statement made in the House of Commons by Under Secretary for Foreign Affairs Harmsworth.

Germans Deleated at Lihau

Troops Were Supported by Light and Heavy Artillery and Armored Train

Copenhagen.—German troops, presumably belonging to Col. Axeloff-Bernhardt's division, supported by heavy and light artillery and an armored train, attacked Lihau, but were driven off by Lithuanian troops, who were supported by British artillery, according to a dispatch received by the Lithuanian press bureau.

In the afternoon a German airplane dropped bombs on the city. After a prolonged bombardment by the enemy artillery, a new violent offensive was launched in the evening. It was repulsed by the Lithuanians. The enemy suffered heavily.

Wounded British Sailors

London.—Wounded British blue-jackets aboard the British hospital ship Princess Margaret have arrived at Copenhagen from Riga, the Lithuanian reports. They were taken aboard the Lithuanian cruiser Dragon, which was hit by a German shell, killing nine and wounding four men.

U.S. Thanksgiving Day

Washington.—President Wilson has set aside Thursday, November 27, as Thanksgiving Day, in a proclamation, which said the country looked forward "with confidence to the dawn of an era where the sacrifice of the nations will find recompense in a world at peace."

Labor Decides on Hours of Work

Washington.—After nearly five hours of constant fighting, the international labor conference for the 48-hour week convention of the organizing committee as a "basis for discussion." But as to exactly what that means, the delegates are not agreed. Does adoption of the motion confine discussion to the application of the 48-hour week, or will amendments be admitted for a maximum eight-hour day and the 48-hour week? That is the question all sides are asking.

The vote came on a motion presented by Mr. Barnes, British government delegate, that "the labor conference prepared by the organizing committee be adopted by the conference as the basis for discussion."

Restoration of Ruined France

Plenty of Work for Every Idle Man in Europe During the Next Eight Years

Berlin.—Work for all the unemployed in Germany for the next eight years will be provided in restoring the ruined mines of Northern France, says Vorwärts. This opinion is based upon the report of the German mining commission sent to France recently to ascertain the extent of the damage and which has just made public its findings.

"The task," says the newspaper, "is so great that it is sufficient to furnish work for every idle man in Europe and for everyone else engaged in superfluous labor."

The reports show the fallacy of the theory that emigration of ten million to fifteen million persons from Germany is an economic necessity.

Amend Temperance Act

Saskatchewan Minister Informs Grain Growers That Act Will Be Changed

Saskatoon.—Criticism levelled at the amended act with respect to the alleged laxity in the operation of the Saskatchewan Temperance Act drew forth a pledge from Hon. George Macdonald, minister of municipal affairs, that the government would introduce legislation to enforce or amend the Act at the coming session of the provincial legislature at the concluding meeting of Districts 6 and 16 of the Saskatchewan Grain Growers' Association.

Riots at Sale of Army Goods

Ten Thousand People Storm U.S. Army; One Woman Dead

Bullado, N.Y.—One woman is dead, a score were injured, and a score of others fainted as the result of a riot when a crowd of ten thousand stormed the sale of the Sixth-fifth Regiment army here. The crowd had gathered for the opening of a sale of United States military equipment. The dead woman was Mrs. Emma Baumeister, 65 years of age, who fainted in the rush and died in an ambulance on its way to a hospital. The injured were jammed up against the rough stone surface of the army and many were badly cut.

Operations on Coast of Alhuceras

Madrid.—Operations by land and sea for the capture of the rebel on the coast of Alhuceras, Spanish Morocco, are being planned by the government. The capital-general of Morocco arrived in Madrid to confer with officials over the contemplated attack.

150 Gallons of Liquor Seized

Winnipeg.—Fifteen boxes containing 150 gallons of liquor, valued at \$280, consigned to Brown Brothers, Ltd., were seized by the U.S. Customs. Officials said the seizure was in line with the campaign launched a month ago against the "boot-leggers' trade."

Ham Prices Drop

Quebec.—A sudden drop of eight cents in the price of cured and uncured ham agreeably surprised Quebec housewives. This sudden decline is due to the order from the government. Bacon also has suffered a decline of about 6 to 8 cents per pound.

French Defeat Turks

London.—Turkish forces have been defeated by French troops in Angora (Constantinople), according to a Constantinople dispatch. The Turks defeated a heavy attack, but were repulsed, after several hours' fighting. The French hospital train also was reported to have been attacked by troops under Mustafa Kemal.

50 Schooners for Dominion Govt.

Victoria.—It is reported here that the Dominion Government plans to place contracts for fifty wooden schooners with British Columbia shipyards. According to the report, 25 Atlantic Turkey, 20 in the Gulf of St. Lawrence and the other half will be turned out by yards on the mainland.

Peace Treaty Effective November 28

Paris.—The treaty of Versailles and the peace settlement with Germany will become effective on November 28, it was announced in well informed circles, on November 28.

The signature of the protocol and the exchange of ratifications between Germany and allied powers as have then ratified the treaty will take place on that date. It is reported.

Judgment Reserved On Pork Prices

Decision of Board of Commerce on Packers' Protest Will Be Announced Shortly

Ottawa.—The decision of the board of commerce as to whether the price prevailing on March 10 for pork products will apply at the present time or not will be made in the coming week. After hearing representations from the packers, who are seeking to have the board rescind its order fixing prices at the March level, S. McLean, representing the Harris Abattoir company, his firm conviction that the packers and not the farmers fixed the price level. This contention Mr. McLean disputed.

Imperialists to Pass Through Canada

Veterans of Winnipeg Are Planning Reception for Them

Winnipeg.—A day or two, three thousand British soldiers will be passing through the West on their way home. They will arrive at the coast on the Montserrat. This is the largest party of soldiers across Canada. Winnipeg returned soldiers and their families are expected to meet them with some cheer as a mark of appreciation of the work of the imperial army to the empire.

Fuel Is Held Up

Coal Shipments From U.S. to Be Allocated Firms on Priority List

Toronto.—Although coal consigned to Canada has been held up at the border, H. A. Harrington, Ontario fuel administrator, had been asked that shipments will be restricted to coal forward for industries on the priority list, which are in immediate need of fuel.

Mr. Harrington has received the following message from Washington on this connection: "The United States Railroad administration has seized all coal on wheels, which has been obstructed reaching distribution. The director of purchases of the United States railroad administration will have charge of the distribution. It is essential that you get absolute proof that the preferred industries are in immediate need of coal upon receipt of which information the administration will take up the advisability of immediate release to preferred industries, according to priority list."

Sentenced to Death

Winnipeg.—First Street. St. Stanislas, charged with the murder of his employer, John Kohut, by poisoning, last February, was found guilty by a jury at the U.S. district court and sentenced by Judge Galt to be hanged at the provincial jail on January 29, 1920.

Premier Supports Viscountess Astor

Plymouth.—Lady Astor has received the personal approval of Premier Lloyd George in her candidacy for a seat in the House of Commons from the Plymouth district. The Premier, it was announced, has sent her a letter of encouragement and a promise of his hearty support.

Objects to Prohibition

New Jersey Governor-Elect Declares That People Voted Against Measure

Jersey City.—Governor-elect Edward J. Edwards has announced that he would use all lawful methods to prevent prohibition in New Jersey. For its enforcement by the federal government, I shall not be responsible, he said. "I construe my election as an indication of the feelings of the people of this state concerning national prohibition. They are unanimously opposed to it. If, by their mandate, I shall use all the lawful methods to preserve inviolate the sovereignty of the people."

Distress on Lower St. Lawrence

Quebec.—Reports of distress have been received here from points in the lower St. Lawrence, on the north and south shores, especially on the Gaspe coast and at Esquimaux point. Merchants here have large shipments of supplies which they cannot send out as there are no vessels available. An application has been made to the government to have the navy sent out to make several trips to the lower St. Lawrence to deliver supplies to the people before the close of navigation.

Prince Drives Own Train

Montreal.—At Flaville, twenty miles west of Montreal, the Canadian Pacific railway train and personally drove into Trenton.

Metal Workers Of Berlin Strike

Ministry of Economy Refuses to Intervene in View of Strike Order Being Issued

Berlin.—The metal workers proclaimed a general strike. The minister of economy had intended to offer mediation between the union and the employers, but he has announced that he will not intervene in view of the order to strike.

The strike is the nastiest general, although three thousand workers of the Siemens-Holke plant returned to work. The strike is said to have been called in violation of rules in the metal workers' union, which require a two-thirds majority of the workers on a vote to declare a general strike.

Says Car Situation Is Bad

Prof. W. J. Elliott Also Denounces Conditions at Calgary Stockyards

Calgary.—Describing the car situation in the province as "bad," Professor W. J. Elliott, of the U.G.C., dealt strongly with the situation at the U.G.A. secretaries convention. He also discussed the conditions at the stockyard here, stating that the yards were entirely too inadequate to handle the present business.

The situation of the business and condition of the U.G.C. also occupied some time. Further criticism of the condition of the organization was heard, and it was stated that the financial condition of the company was none too good, and that were the company to close, it would show a loss of a quarter of a million. Officials of the organization claimed, however, that this did not present the true condition of the company. The opinion was strongly expressed during the session that the company should trade on the basis of a wholesale concern.

It was stated that the entire wheat crop of Alberta was about five million bushels, and officials said that the company could handle every bushel that did not go back into the ground or was fed to stock.

No Coal For Foreign Ships

Order Is Issued By U.S. Railroad Administration Committee to Restrict Coal

Washington.—Instituting the first general curtailment in coal transportation as a conservative measure, the railroad administration central committee ordered discontinued the bunkering of foreign owned vessels in American ports.

United States owned ships and vessels flying the American flag will continue to receive fuel supplies, it was said. The measure was said to apply to all other vessels would be prohibited to wait the end of the blizzard in the winter.

New York.—There are 210 ships in the port of New York affected by the order of the railroad administration central committee regarding the bunkering of foreign owned ships. Many of these, however, are British vessels, which, it is believed, will be able to proceed to Halifax for coal.

Over A Thousand Plans To Be Tried

Revolution in Printing

New Inventions May Do Away With Type Composition

New York.—Victorization of a process which will take the place of printing and engraving was predicted as a direct result of labor difficulties in the publishing business here, by Roger W. Allen, former president of the New York business publishers' association, who predicted that new machinery would soon do away with all type composition. Inventors have been busy on new devices and consulting the use of old ones, said Mr. Allen. The magazines will not look to the uninitiated particularly different from issues formerly produced, he added.

Gale Sweeps Superior

Vessel Is Severely Damaged By Heavy Storm

Sault Ste. Marie, Mich.—A still northeast gale sweeping Lake Superior severely battered the steamer North Star, which came down the river, covered with snow and ice. The North Star, a Great Lakes Transit Company vessel, is the first ship this season to appear here with marks of such a storm. Her starboard rail was stove in and she had lost almost her entire deckload of shingles.

No other reports of vessels caught in the storm have been received here.

Million Bushels of Potatoes Frozen

Winnipeg.—According to official figures made public by the department of agriculture, about one million bushels of potatoes have been frozen in the ground, meaning a loss of about a million dollars. This is a material reduction from the figures given a few days ago, when the estimated yield this year was only five million bushels, or two million less than last year.

Last Dependents to Leave England

London.—Eight ships between which will carry 2,000 Canadian dependents this month, which will about complete this class of traveller. The first two parties to be conducted to Canada will be domestic servant emigrants, each numbering about a hundred. They will leave during the month.

Crime Conditions in Chicago

Chicago.—In addressing the Chicago association of commerce, Edwin W. Sims, president of the Chicago crime commission and former United States district attorney, declared that Chicago, with its population of 5,000,000, has more murders in a year than England.

Dublin—Ernest Blythe, member of the Irish Parliament, who was arrested during a raid on Sinn Féin headquarters, September 12, and last week was sentenced to one year in prison, was released from prison after having been for five days on a hunger strike. Blythe was taken to a hospital.

British-Chinese Treaty

Washington.—Great Britain and China have ratified the arbitration treaty, negotiated some months ago, the state department has announced. The treaty is to continue in force for five years, and automatically extend itself until a year after notice of intended termination by either government.

Enemy Delegates' Passage Arranged

Washington.—The German and Austrian delegates to the International Labor conference here having failed to obtain passage to America, the supreme council at Paris has agreed to endeavor to arrange bookings, according to a cablegram received by the conference.

Government Rejects Offer of Miners

Plan Merging Agencies

Domestic Employment Bureau May Supplant All Others

Vancouver, B.C.—The World says: "A move is on foot to place all government employment agencies throughout Canada under the supervision of the department of civil service. This would mean that the Dominion employment bureau now operated here would be operated from the S.C.R. offices under the direction of the unit commander of British Columbia, and to complete the scheme as it has been mooted the provincial authorities would be asked to come into line and merge their employment services with the federal organization."

Many a man seems dead to the world when he is buried in thought.

Brussels.—Copies of the legal evidence upon which the surrender of 1,200 Germans to stand trial for offences committed in Belgium during the German occupation will be deposited here. The documents were forwarded to the peace conference at Paris. The judgments are principally based upon the executions of the Belgian civilians at Louvain and other towns, upon the forced labor exacted from prisoners of war, upon the treatment of young men who attempted to cross the frontier to join the Belgian armies, and upon instances of pillage.

First Meeting of Peace League

Date Has Not Yet Been Fixed For Gathering

Paris.—The first meeting of the council of the League of Nations will be held in Paris, the supreme council has decided. It did not, however, fix a date for the gathering.

It was agreed that the council of the world body should consider at its meeting only matters which must be passed upon immediately after the formal ratification of the German peace treaty.

The supreme council discussed its own uncompleted work preparatory to deciding upon exactly what questions must be passed upon before the peace conference ends.

Kaiser Is Well Punished

King George Gives Misionary His Views of ex-Emperor of Germany

London.—King George gave his view of the former German emperor in the course of an audience with a missionary from Armenia, Archbishop of Constantinople.

When the missionary told the story of his captivity of 10 years, saying that the troubles had all been instigated by the German emperor, the king replied: "Well, they are finished now. The Kaiser has had to run away from his own country. He is well punished for all he did."

Rounding Up the Bolsheviks

London.—A headquarters bulletin from Gen. Denikin, received here by wireless, claims that Cossack troops captured 3,500 Bolsheviks between October 17 and 27. The troops of Gen. Denikin's volunteer army are the main force in the Caucasus. The communists assert that entire divisions of Bolshevik troops are being put out of action daily.

Victory Loan Popular in U.S.

Toronto.—United States citizens have a keen appreciation of the value of the Victory Loan, according to a statement made by the U.S. Treasury department from the other side of the border up to a few days ago totalled \$27,281,200, two millions more than was collected in 1918 in the entire campaign.

Enemy Delegates' Passage Arranged

Washington.—The German and Austrian delegates to the International Labor conference here having failed to obtain passage to America, the supreme council at Paris has agreed to endeavor to arrange bookings, according to a cablegram received by the conference.

Government Rejects Offer of Miners

Washington.—An organized labor's proposal for ending the coal strike through withdrawal of injunction proceedings against officials of the United Mine Workers of America was bluntly rejected by the department of justice.

The government's answer to the union's proposal, advanced by Sam Gompers, president of the American Federation of Labor, was given by Assistant Attorney-General Ames, who declared the strike in itself was a violation of the law, and that as long as it continued the only place for the coal was in court.

The labor leaders were visibly disturbed by this refusal, and agreed with the operators on one point—the statement of the government's position as yet. A hope of immediate settlement of the strike, involving more than 400,000 soft coal miners, in twenty-eight days.
